MISTLETOE WINES

MAILING LIST
SPECIAL OFFER

Christmas 2009

As a valued member of Mistletoe Wines mailing list we would like to thank you, and also, to reward you for the interest you have shown in our wines.

We would like to remind you that our wines are only available direct from Mistletoe, you will not see them in any bottle shops or online internet auctions.

Mistletoe's extensive range of wines offer real value for money at their regular prices especially when you take into account the recent awards and accolades they have received. As we said in our Christmas 2008 newsletter - when you purchase wine from Mistletoe you are supporting a 100% Australian family owned business that is located in a rural community. There is a lot of romance and mystique that surrounds the wine industry but at the end of the day our industry is agricultural based. The dollars you spend go to our loyal grapegrowers and flow into our regional economy through vineyard workers, grapepickers, agricultural suppliers, truckdrivers, people who work on the bottling lines and in packaging etc. Australian wine is one of the very few commodities that is produced 100% in Australia. The dollars you spend on Australian (Mistletoe) wine stay in Australia helping to secure the futures of many including our children and grandchildren!

“The quality and consistency of these wines is irreproachable, as is their price”

James Halliday 2009 Australian Wine Companion.
